**RE=** Revised estimate

**NOTE:** (1) For oil, totals are based on the sum of crude oil and condensate for Federal OCS and for U.S. Total. (2) For gas, Federal OCS total production is based on the sum of gas well gas and casinghead gas, including vented and flared. U.S. Total production is based on the sum of marketed production and vented and flared gas. (3) Monthly data counts are subject to revision for both Federal and Total U.S.
